## Beach Front Fun!

There are some exciting projects happening at the beach front this summer; the latest, a gorgeous new dock built by Pickle Lake's very own *Public Works*! In addition to this, a new beach playground is being customized for our town. It is currently being constructed in Blue Imps facility, once shipped to Pickle

Lake, it will be fitted and installed; this project is set to be completed by the 3rd week of August! There have been many forces coming together and working hard to make this a reality, The Township of Pickle Lake would like to thank: *MNR, Public works, North Pop, W. Koval Contracting and Graham's Services.*

# Cottage Lots for Sale!

Imagine waking up in a custom built cottage, knowing this is something you constructed from the ground up. Hearing the echo of loons, sliding across Pickle Lake on what appears to be glass due to the calmness of the water. Sit down, relax, and enjoy watching the float planes glide in the sky, this is your land, indulge.

Does this sound like a dream? It could be a reality with your very own cottage lot. Contact the Township of Pickle Lake for more information.
