

The Lakeside Bulletin

Hello Pickle Lakers!

As many of you may have already seen, there are two new additions to the Community Garden this year - the Sungarden Greenhouses! These will be heated with propane in the fall/winter to help extend the growing season for the members of our community.

Currently, Public Works is working on building garden boxes for the interior of these greenhouses and they will be ready to use soon!

We hope that everyone will do their part in keeping these clean and functional for those who use it.

While at the Community Gardens please remember to practice social distancing and bring hand sanitizer with you as there is not a sanitizing station on-site.

Most importantly - Enjoy!

Above is an example of what the Sungarden greenhouse looks like

IMPORTANT DATES: July 2020

SUN	MON	TUES	WED	THUR	FRI	SAT
			① Canada Day Office and Clinic are closed	2	3	4 Scheduled power outage 6AM - 6PM

PICKLE LAKE FIRE RESCUE

FIREWORKS SAFETY

Here are some helpful tips to keep you and your family safe.

- **To minimize the risk of fire and burn injury, the fire service does not recommend family fireworks or informal neighbourhood displays.**
- **The fire service recommends attending public fireworks displays hosted by your municipality or other responsible organization.**
- **If you still choose to have a family fireworks or an informal neighbourhood display, check with your local fire department about regulations regarding fireworks.**

Below you will find some important safety tips to be followed:

1. Appoint a responsible person to be in charge. Only adults who are aware of the hazards and essential safety precautions should handle and discharge fireworks.
2. Carefully read and follow the label directions on fireworks packaging.
3. Always keep a water hose or pail of water close by when discharging fireworks.
4. Discharge fireworks well away from combustible materials like buildings, trees and dry grass.
5. Keep onlookers a safe distance away, upwind from the area where fireworks are discharged.
6. Light only one firework at a time and only when they are on the ground.
7. Never try to light a firework in your hand or re-light dud fireworks. For dud fireworks, it is best to wait 30 minutes and soak them in a bucket of water. Dispose of them in a metal container.
8. Discharge fireworks only if wind conditions do not create a safety hazard.
9. Keep sparklers away from children.
10. Sparklers burn extremely hot and can ignite clothing, cause blindness and result in severe burns. As the sparkler wire remains hot for some minutes after burnout, it should be immediately soaked in water to avoid injury.
11. If someone gets burned, run cool water over the wound for three to five minutes and seek medical attention, if necessary.

To report a fire in Pickle Lake call: 807-928-2255

To report a fire in Northwestern Ontario call: 310-3473

JULY MARKET INFORMATION

This market will look slightly different, everyone that attends must still adhere to the social distancing guidelines and safe food handling practices, please refer to the information below for more information:

- There will be limited entry allowed so that we can adhere to physical distancing guidelines and maintain a separation of 2 meters between individuals.
- Market RESTRICTS access to individuals if they are ill or have been in contact with someone who is ill.
- Please follow the arrows on the floor once in the Community Hall.
- Vendor tables will be set-up with adequate distance between booths.
- There will be hand sanitizer station at the front door, you must use this before entering the main room in the community hall and again once you leave.
- Do not touch any items, if you would like to look at something closer ask the vendor and they will hold it up for you.
- Market vendors selling ready-to-eat foods must package foods into take-away containers or brown bags and post signs advising customers to comply with physical distancing requirements. If you are ill, or someone in your household is ill, do not prepare or package foods, including low risk foods.
- Market discontinues all food sampling activities.
- Where feasible create cashless payment systems through on-line orders and point of sale devices or e-transfer in vendor booths.
- Vendors will be provided a hand sanitizer station as well.
