

The Lakeside Bulletin

Winter is on its way!

This means ice fishing, hockey, and skating season is upon us! In addition to this, it also means driving more cautiously and possible road closures. Listed below are a few suggestions that can help you and your family be winter safe this season.

1. Create a survival kit and keep it in your car at all times

Your kit should include items such as: gloves, a first aid kit, windshield washer fluid (-40 or below), a torch, snow brush, candles, booster cables, small shovel, safety vest, a flashlight (wind up), blankets and warm clothes, water bottles, and non-perishable energy foods. In addition to these, consider keeping a bag of sand or salt in your trunk as well.

2. Check weather and road conditions often, and keep a safe distance behind snow plows

Know what to expect before you hit the road, and maintain a safe distance behind plows because there can be a lack of visibility for both parties due to clouds of snow.

3. Winter tires and travel time, slow down!

If you don't have snow tires already, consider purchasing some. They can help reduce braking distance by 25% and provide better traction and handling, also speak with your insurance agent as winter tires often result in an insurance premium

discount. And, although it may be obvious, slow down and give yourself more time to get to your destination - *think break sooner, not harder*. Do not use cruise control on wet, snowy or icy pavement - as it reduces reaction time and vehicle control. Most importantly, learn how your vehicle responds if it starts to slide and lose control on the road.

4. Clear snow and ice from your vehicle

Make sure to clean off all windows, mirrors, lights, and the roof of your vehicle. Also, wait for any foggy windows to clear up so your visibility isn't poor. Failure to do so can land you with a fine of \$110.

5. Keep a full tank of gas

Doing so can help reduce moisture in the fuel system, and also adds extra weight to the vehicle.

6. Keep OPP and NAPS numbers handy and travel with a fully-charged cellphone

The toll free number for the OPP and NAPS is 1-888-310-1122. For provincial highway conditions, go to www.ontario.ca/511 or call 511.

Most importantly, have a fun and safe winter!

COMMUNITY NOTICE

PICKLE LAKE HEALTH CLINIC

Locum Doctor In-House

There is no Locum Doctor for October

Please call the clinic at **928-2047** for appointment availability.

In case of an emergency, please call the Ambulance Base at **928-2255**.

The clinic will be closed October 14th - 18th

Looking for Volunteer Firefighters!

If you are interested in this incredible opportunity please email
firedept@picklelake.org

******We are entering winter, please ensure your bleeder lines are open******

****Effective Immediately****

There will be an attendant at the landfill on Tuesday and Friday, 8 am - 1 pm and Saturday from 8:00 am - 4:00 pm. You must see the attendant before dumping to ensure the items are dumped in the proper areas.

FIRE SEASON

Starts April 1st and ends on October 31st each year

For more information please visit: <https://www.ontario.ca/page/emergency-preparedness> and click on the Forest Fire link.

All fires are to be tended by a responsible person until extinguished.

The fire can be ignited two hours before sunset, or later and must be extinguished two hours after sunrise or sooner.

*****NO DAY TIME BURNING IS PERMITTED*****

DO NOT BURN IN WINDY CONDITIONS

No burning when the wind exceeds 10km/hr (the wind stirs leaves and twigs into constant motion; light flags extended).

IF A RESTRICTED FIRE ZONE IS IN EFFECT THEN BOTH INCINERATORS AND OUTDOOR FIRES ARE NOT ALLOWED AT ANY TIME.

To report a fire in Pickle Lake call: 928-2255

To report a forest fire in northwestern Ontario call: 310-3473

Keep Halloween fun and safe by remembering the following:

- Costumes should be light-coloured with reflective strips
- Children must keep away from open fires and candles (costumes can be extremely flammable)
- Costumes should be short enough to avoid tripping
- Use face paint rather than masks or things that will cover the eyes
- Remind children to walk on sidewalks, not in the street
- Trick-or-treat along one side of the street first and then the other
- Bring along a flashlight
- Visit homes that have the porch light on
- Remind children not to eat their treats and goodies until they are examined by an adult at home

October's Do One Thing, Then One More Tip:

Fall is a great time to enjoy nature and colors. Try one new thing with your family. Find a fall 1k walk in your community; visit a new local playground and run around with the kids, sign up and try a new sport or club.

October is Healthy Workplace Month

The Northwestern Health Unit is available to support any workplace that would like to run their own healthy workplace challenge. Interested in doing one with your workplace? Get in touch and we can walk you through it!

OCTOBER
Canada's Healthy
Workplace Month

BE HEALTHY AND HAVE FUN

Join workplaces across Canada and take part in initiatives and activities that promote a healthy mind, body and corporate culture.
