

MUSSELWHITE

CAREER OPPORTUNITY

Newmont is the world's leading gold company and a producer of copper, silver, zinc and lead. The Company's world-class portfolio of assets, prospects and talent is anchored in favorable mining jurisdictions in North America, South America, Australia and Africa. Newmont is the only gold producer listed in the S&P 500 Index and is widely recognized for its principled environmental, social and governance practices. The Company is an industry leader in value creation, supported by robust safety standards, superior execution and technical proficiency. Newmont Goldcorp was founded in 1921 and has been publicly traded since 1925.

Mine Engineer/EIT/Tech

Musselwhite Mine

We are seeking a motivated Mine Engineer/EIT or Mine Technologist to join our Musselwhite Team. This role will report to the Senior Engineers in the Technical Services Team working through various capacities including surveying, ventilation, ground control, planning, and operations planning.

Responsibilities

- Adhere to safety best practices as outlined by department and site policies and procedures
- Track and analyze results and make recommendations for improvements to designs, and maintain a drill/blast database and provide information for month-end reporting
- Produce development, stoping and drill and blast designs following engineering best practices and standards
- Produce and Analyze CMS data with respect to controlling stope dilution
- Work closely with the Mine Department to ensure the practicality of designs
- Liaise with Ventilation Technicians and/or Rock Mechanic Engineers to determine ventilation, ground support requirements and stope sizing/sequencing
- Facilitate conceptual meetings for pending mine designs

Requirements

- B.Sc. degree or Technical Diploma, in Mining Engineering preferred
- 1 - 3 years' experience in a similar role is preferred
- Excellent communication skills (oral, written, listening)
- Proficiency with mine planning computer software (Deswik, Vulcan, and Microsoft Office)
- Willingness and capability to work in and adapt to a fast paced production oriented setting
- Ability to positively interact with co-workers and team members
- Ability to work within a diverse mix of cultures and a dynamic environment

The work schedule for the position is 14 days on, and 14 days off, working 12 hour days.

As an equal opportunity employer, Newmont is committed to diversity, inclusion, and accessibility. We encourage all qualified candidates to apply. Accommodations are available on request for candidates taking part in all aspects of the selection process.

How to Apply

If you would like to be part of the Musselwhite Team, please apply online at (jobs.newmont.com/) or by email MusselwhiteCareers@newmont.com or by fax to (807) 928-2158 by **February 9, 2021**. Please notify your respective Community Based Resource Workers/Economic Development Officer that you are making an application for this role.
