

KPDSB & 7 Generations Adult Education

Are you looking to get your High School Diploma or to upgrade and take courses you need to get accepted to College or University????

Wait no longer!!! It is NEVER TOO LATE!

Online Registration is now open at www.nwoadulthood.com. We are also open for pick up and drop off of registration forms in all of our Adult Education Sites across the region.

We are encouraging you to register or re-register online at www.nwoadulthood.com.

If you are a NEW student, we will contact you once your registration has been processed to get you started.

If you are re-registering and require more course work or need help and assistance, please phone or email your teacher. You will find individual site and teacher contact phone numbers and email addresses on our Facebook page, or visit us at www.nwoadulthood.com and select "Locations". See below as well for Sioux Lookout.

We can email you more course materials or YOU CAN stop in to pick materials up. Our classrooms are open but due to social distancing and limited space at our sites, we encourage everyone to work on their course materials the best they can from the safety of their own home.

We understand this may not work for everyone so if you choose to come into the classroom, the space and availability of seating is very limited.

Teachers are available in class to provide help and assistance to you when needed. It may be necessary to establish an appointment with our helpful teachers. We have computers for you to use in class for course work requirements.

MASKS MUST BE WORN AT ALL TIMES IN OUR OFFICES, CLASSROOMS AND STUDENT SPACES.

We appreciate your patience and flexibility while our team navigates through this time.

Below is the contact information for your local staff that are here to support you with your education goals

We look forward to seeing YOU soon!
