

KEEP BEARS AT BAY!

The Township has 2 bear traps that are currently set up and rotate locations around town based on nuisance complaints and visible sightings. If a bear is caught it is humanly transported up the north road and released back into the wild.

Some tips on avoiding bears visiting your garbage box are:

- Ensure your garbage is in the box and the box is not overflowing.
- Make sure garbage is bagged, not loose.

- Ensure your box has a lid, the box is in good repair and a heavy object is set on top to keep the lid closed.
- Bears have a keen sense of smell, so rinsing meat trays, cans etc. before placing them in the garbage deterring bears from paying you a visit.

-Dispose of fish cleanings on garbage day, do not let your remnants sit in the garbage can for days, the landfill is open 3 days a week and there is NO CHARGE for residential garbage.

-Freeze your remnants and dispose of them on garbage day, to avoid smelly garbage bins.

- If your garbage bin is getting smelly, wash it out with the hose and liquid detergent.

-Keep pets indoors after dusk, do not leave dog/cat food outdoors for extended periods of time.

In the event a bear does get into your garbage, please pick it up after the bear has moved on to avoid more bears or other animals visiting the area.

Answer to Riddle: Pencil Lead

“Here’s to the crazy ones. The misfits. The rebels. The troublemakers. The round pegs in the square holes. The ones who see things differently. They’re not fond of rules. And they have no respect for the status quo. You can quote them, disagree with them, glorify or vilify them. About the only thing you can’t do is ignore them. Because they change things. They push the human race forward. And while some may see them as the crazy ones, we see genius. Because the people who are crazy enough to think they can change the world, are the ones who do.” – Rob Siltanen

Quote Of the month!

At over 29,000 feet tall, Mt. Everest is the highest point on Earth, but it doesn’t compare to the deepest point on Earth, the Mariana Trench, which is over 36,000 feet deep—nearly seven miles—in the Pacific Ocean.

Fact of the month!

How do you make a tissue dance? (Answer at the bottom of the page)

Joke of the month!

*I come from a mine and
get surrounded by wood always.
Everyone uses me. What am I?*
